our story

DINE-AGLOW DIABLO Food Service Fuels® is the inventor, pioneer and manufacturer of the original liquid wax, disposable lamp oil system. Since our invention and contribution in 1976, Dine-Aglow Diablo Food Service Fuels® (DAD Fuels®), has been the brand leader throughout the global food service industry. Today DAD Fuels® manufactures a comprehensive line of Food Service Fuels, including Diablo® wick and gel formulated heating fuel, butane gas products and Dine-Aglow® liquid and solid wax table lighting and decorative table lamps.

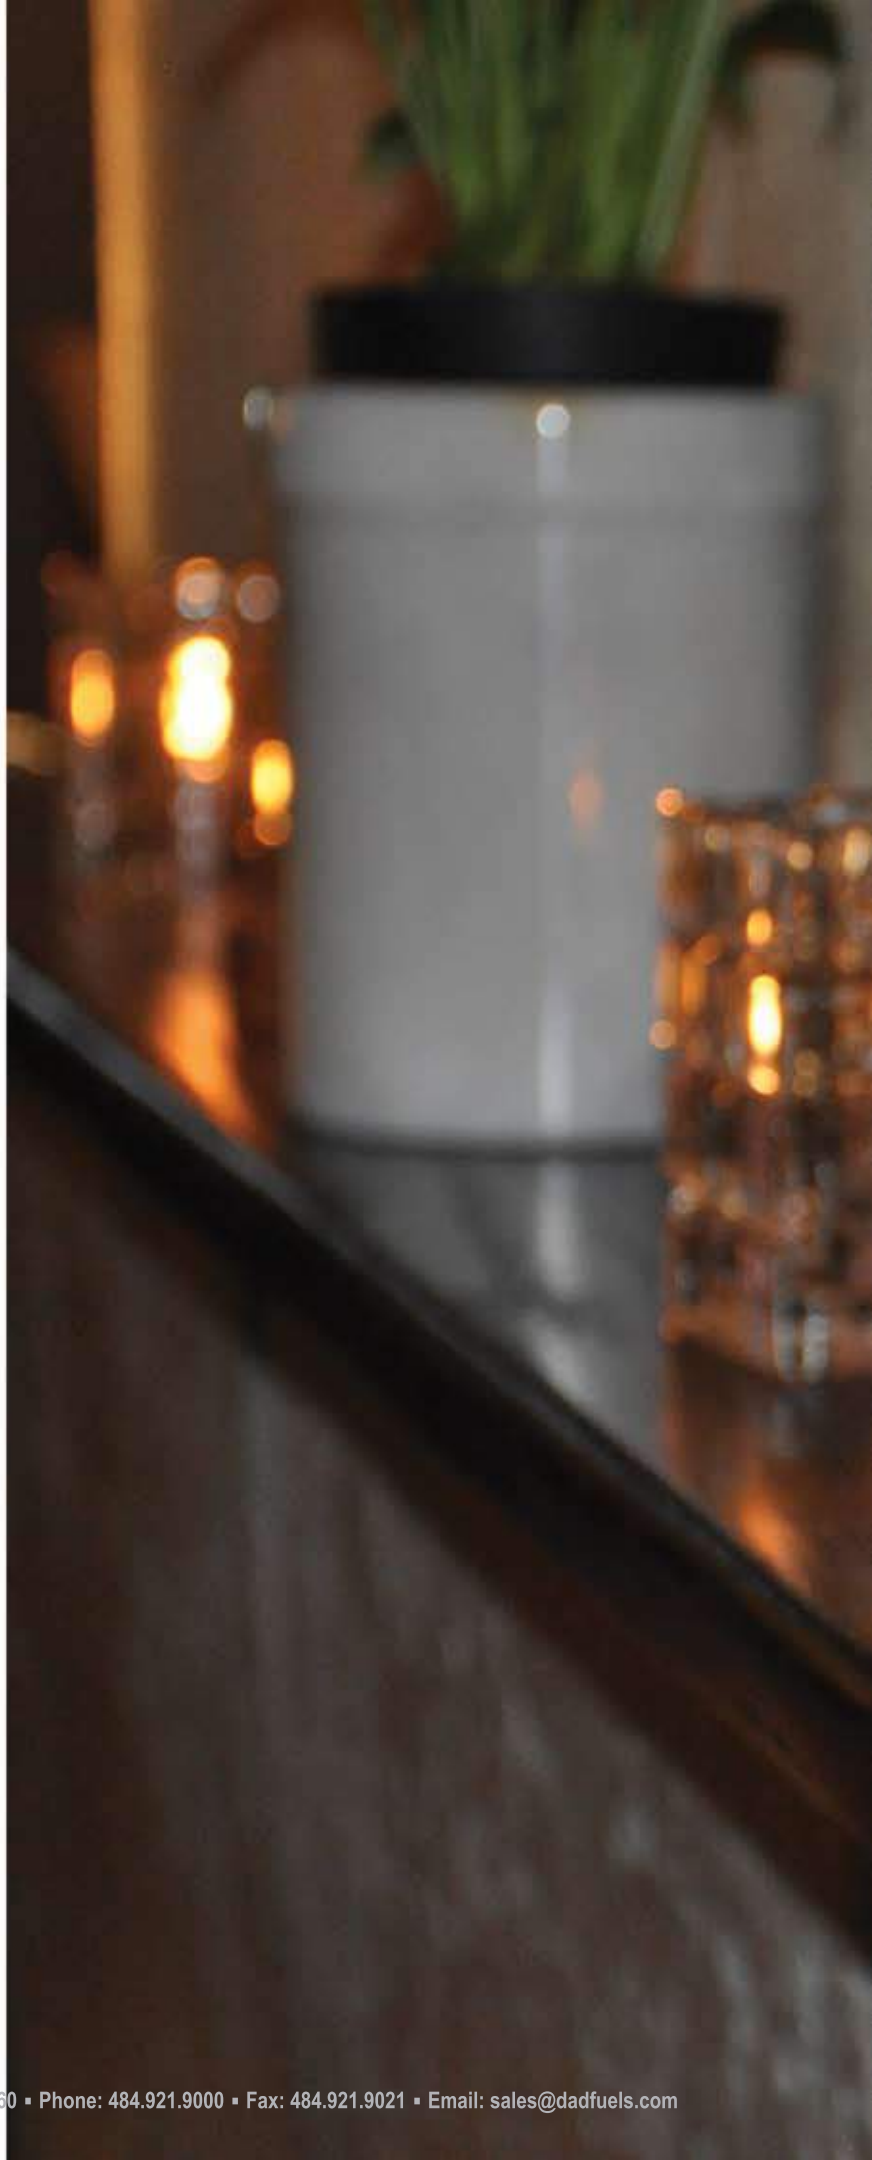

our quality

Manufacturing a fire related product requires stringent and unwavering quality control measures. Since the invention of Dine-Aglow® over 4 decades ago, we have designed and maintained strict quality control procedures and measures. Every phase of manufacturing is consistently tested during mass production to ensure safe and efficient burning.

our guarantee

At **DINE-AGLOW DIABLO Food Service Fuels®** we continue to demand the highest quality standards and performance for all products we manufacture. We test our products as well as our competitor's regularly and in detail. We conduct routine burn tests to ensure our product performs to the high quality standards that we expect and our customers deserve.

Every Dine-Aglow Diablo® product is tested to ensure quality and performance. Every Dine-Aglow Diablo® product comes with something that no one else in the industry offers, a performance guarantee! **All of our products are guaranteed to perform as advertised*.**

***All Dine-Aglow Diablo[®]
products are guaranteed
to perform as advertised***

F^{REVER}™ **FREE** TABLE LAMP PROGRAM

It's Simple and Easy!

Dine-Aglow's Forever Free Table Lamp Program™ means no more agreements, random promotions, or overpriced replacement lamps.

Follow the three step instructions below and you can get your decorative table lamps for free.... forever!

1

BUY LAMPS ONLINE

Use our secure website at dadfuels.com, purchase the lamps you like and have them delivered to your location of choice.

2

USE DINE-AGLOW® LIQUID WAX FUEL CELLS

Purchase the corresponding approved Dine-Aglow® liquid wax fuel cell; DF10, DF15 or DF305, from your participating distributor.

3

GET REIMBURSED FOR LAMPS PURCHASED

Redeem vouchers printed on cases of approved Dine-Aglow® fuel; DF10, DF15 and DF305, and get reimbursed up to the full value of your lamp purchases.

FOREVER FREE TABLE LAMP PROGRAM™ ADVANTAGE

Once the full value of initial lamps has been refunded, continue to clip and save the vouchers for future replacements, expansion plans or to a new lamp design. When additional lamps are needed, simply go back to dadfuels.com and repeat.

Simple, Easy and Forever Free!

DF305 Disposable Liquid Wax 36-Hour Fuel Cell

- Safer Than Traditional Wax Candles
- 100% Disposable and Recyclable
- No Messy Clean Up or Refills
- Odorless and Clean Burning
- True Burn-Time Guarantee®

Last for three or more dinner services

A close-up photograph of a glass on a dark table with a plant in the background. The glass is partially filled with a golden liquid and is positioned on the left side of the frame. The table is dark and reflective, showing the glass's reflection. In the background, there are several long, green, blade-like leaves of a plant, possibly a lily, which are slightly out of focus. The overall lighting is soft and warm, creating a cozy atmosphere.

heating and cooking solutions

heating & cooking fuel guide

METHANOL GEL CHAFING FUEL

Burn Time: 2.5 Hours
Heat Output: 210°

ETHANOL GEL CHAFING FUEL

Burn Time: 45 Minutes and 2.5 Hours
Heat Output: 218°

GEL CHAFING FUEL

METHANOL USAGE

Moderate heat use. Used in chafing dishes for food warming, beverage urns and banquet carts. Great for chafing dishes with low profile water pan.

METHANOL BENEFITS

- 20% longer burn-time than most other brands of gel chafing fuel.
- Low cost per burn hour

ETHANOL USAGE

High heat use. Used in chafing dishes, beverage urns and banquet carts. Available in various sizes including 45-Minute version used for room service and Gallon versions usually used in dim sum carts.

ETHANOL BENEFITS

- 20% longer burn-time than most other brands of gel chafing fuel.
- Low cost per burn hour
- No shipping restrictions
- High heat performance

DIABLO CHAFING FUEL

Burn Time: 2 Hours, 4 Hours, 5 Hours and 6 Hours
Heat Output: 217°

DIABLO MAX CHAFING FUEL

Burn Time: 2 Hours, 4 Hours and 6 Hours
Heat Output: 220°

WICK CHAFING FUEL

DIABLO USAGE

Moderate to High heat use. Used in chafing dishes, beverage urns and banquet carts. Available in various sizes including 45-Minute version used for room service.

DIABLO BENEFITS

- True Burn-Time Guarantee
- Non-Hazardous
- Variety of Burn-Times
- No shipping restrictions
- High heat performance

DIABLO MAX USAGE

High heat use. Used in chafing dishes, beverage urns and banquet carts for warming and cooking. Only 6-Hour High Heat Wick Chafing Fuel available in industry today.

DIABLO MAX BENEFITS

- True Burn-Time Guarantee
- Non-Hazardous
- Reaches optimum heat output faster than any other product
- No shipping restrictions
- Highest heat performance

DIABLO BLUE POST WICK CHAFING FUEL

Burn Time: 6 Hours
Heat Output: 207°

DIABLO RED STEM WICK CHAFING FUEL

Burn Time: 6 Hours
Heat Output: 212°

DIABLO BLUE POST WICK USAGE

Low heat use. Used in chafing dishes, usually for buffet tables, for food warming for up to 6 hours. Two different wick options available.

DIABLO POST WICK BENEFITS

- True Burn-Time Guarantee
- Two choices of wick setups
- No shipping restrictions
- Low heat for food warming

DIABLO RED STEM WICK USAGE

Moderate to High heat use. Used in chafing dishes, buffet tables, beverage urns and more. Easy "Pop-On/Pop-Off" top.

DIABLO STEM WICK BENEFITS

- True Burn-Time Guarantee
- 100% Product Match Guarantee
- No shipping restrictions
- High heat performance

BUTANE COOKING FUEL

Burn Time Simmer: 4 Hours
Burn Time High Heat: 2 Hours

BUTANE COOKING FUEL

BUTANE COOKING FUEL USAGE

Moderate and High heat use. Used in portable cooking stations and stoves usually for pasta and omelet stations and cooking demonstrations. Used for cooking or reheating foods.

BUTANE FUEL BENEFITS

- Burns 2 hours at high heat, 4 hours at a simmer
- UL-listed, exceeding safety standards
- High heat performance for cooking and food warming
