Product and Dispenser Terms

Terms: 2% 15 days, net 30 days from date of invoice.

Prices: F.O.B. Harrodsburg, Kentucky with freight prepaid to final destination on half truck and full truckload orders.

All orders are subject to mill acceptance. Dispensing equipment may be purchased separately or in conjunction with paper products. Prices are subject to change without notice. Distributors shall be responsible for payment and reporting of any sales, use taxes, or other charges imposed by any government authority in the state in which they operate.

Pallet Sizes Available

40" x 48": Unload with hand jack. 2-way pallet

48" x 40": Unload with fork lift. 4-way pallet

53" x 45": Bulk tissue; pallet reduces overhang damage

If pallets are desired, there is a per pallet charge.

Slip Sheets: \$2.50 USD per slip sheet.

Drop Shipments to End Users

Distributors may ship 200-case minimum orders directly to end users, for an additional charge of \$100.00 USD, under the following conditions:

1. The drop shipment must be within the distributor's trading zone
2. The drop shipment must be within a 50-mile radius of the distributor
3. The distributor must fill the balance of the trailer

Notify your Wausau Paper Customer Service Representative if the shipment is to be palletized, slipsheeted, or floorloaded. Routine charges will be applied.

Truckload Definitions

When ordering, use unit and layer configurations as defined below to best determine what will fit in a truck.

Orders are shipped on 53' trailers and will accommodate 23 to 30 units depending on the product mix and loading instructions.

A **Unit** is layers of cases stacked to a height from 87" to 100" (floor to ceiling trailer space) and fully shrink wrapped to lessen product damage in shipping and handling. A **Layer** is used to configure a unit. When ordering in unit multiples is inconvenient, then layers must be used to assure best fit in the trailer. Cases per layer can be found in this document.

All products, excluding soap and stock dispensers, are to be ordered in full unit load quantities. If you have needs to purchase low volume products in less-than-unit loads, they must be ordered in full layers. Only two units (approximately 90 cases) per full truck order will be accepted as a mixed unit consisting of even layered products. Half truckloads are allowed one mixed unit (approximately 45 cases) consisting of even layered products.

Cut and Fill Items are required on every truck order. These items must be a product listed on the purchase order.

- All half-truckload orders will be assessed a \$100.00 USD stop-off charge
- All truckload orders with an additional stop to a single customer (i.e. customer warehouse) will be assessed a \$150.00 USD stop-off charge

These paper products meet Green Seal™ Standard GS-1 based on chlorine-free processing, energy and water efficiency, and content of 100% recovered material with a minimum of 50% post-consumer material for towels, 25% post-consumer material for bath tissue, and 15% for facial tissue. Hand soaps meet Green Seal™ Standard GS41-A. GreenSeal.org

This mark indicates that the dispenser is ADA Title III compliant when installed according to the ADA Accessibility Guidelines.
