Serious about style.

Pioneering performance.

Who we are.

Vectair Systems are a leading technological innovator, manufacturer and supplier of aircare and hygiene products in a number of sectors across the World.

Our North American Headquarters and Distribution Center is located in Memphis, TN, allowing us to deliver to all parts of North America, Canada and Latin America.

Expert help.

As well as being dispenser manufacturers, we also provide our own range of air freshener refills and other consumables such as 30 & 60 day urinal screens and toilet bowl clips that are part of the 'Professional Passive Program™'.

We are an ideal partner for both your dispensing and consumable needs.

Cutting edge.

Our range of innovative dispensers offer durable solutions that have been proven to last and perform in a range of environments. Included in our range is cutting edge aircare science such as our multi-award winning and patented Multi-Phasing Fragrance Technology.

Vectair V-Air® SOLID MVP Dispenser

Vectair V-Air® SOLID Multi-Phasing Passive Dispenser

The multi-award winning Vectair V-Air® SOLID dispenser is an air freshener like no other. It provides up to 60 days fragrance without aerosols, batteries or propellants. Refills contain Airadicate® - a malodor counteractant & odor neutralizer to help stop bad odors.

- Two color options available - black and white.
- Contains no propellants and refills are VOC exempt and carbon neutral. Recyclable dispenser and dispenser clip.
- Uses sub-micron fragrance technology delivering fragrance typically below 1.0 micron (<1.0µm) - fragrance particles remain airborne for many hours.
- Non-flammable and contains no liquids. No transport or usage restrictions for either the dispenser or refill.

Dispenser	Part #
Vectair V-Air® SOLID MVP White	VAIR-MVPW
Vectair V-Air® SOLID MVP Black	VAIR-MVPB

Vectair V-Air® SOLID Multi-Phasing Passive Refills

The multi-award winning and patented Vectair V-Air® SOLID refill cartridges are free of any aerosols, batteries, propellants and are VOC exempt and certified as carbon neutral.

- The Vectair V-Air® SOLID capsule is infused with high quality perfumes, then complemented by an integrated internal fragrance core. These combine over time and diffuse powerful key fragrance notes that are subtly different.
- Vectair V-Air® SOLID contains no liquids so won't spill or leak, even if it is knocked over.
- One Vectair V-Air® SOLID refill provides up to 60 days fragrance delivery to areas up to 6,000ft³.
- Vectair V-Air® SOLID refills contain Airadicate® - a malodor counteractant & odor neutralizer to help stop bad odors.

VECTAIR
V-AIR[®]
SOLID+

Apple Orchard

Your senses embark on an indulgent journey of taut apple, leading into spicy rich aromas of clove, cinnamon and nutmeg, with a touch of velvety vanilla.

Intensity level | 2

Bergamot & Sandalwood

Fresh top notes of citrus lemon with a woody base makes this an alluring aroma.

Intensity level | 1

Citrus Mango

This fruity cocktail starts with a burst of fresh citrus peel and juicy berries, opening the way to a lively lime with vanilla ice cream, and departing with a punch of peach and mango musk.

Intensity level | 1

Cool Mint

Beginning with crisp cedar and pine, the fragrance evolves into a cooling herbal aroma, transforming into a sparkling blend of energizing wild mint and eucalyptus, with a touch of lemon spearmint.

Intensity level | 1

Cucumber Melon

A heavenly mix of sweet and subtle. A fresh crush of cucumber leads into a calming melon, which drifts into an uplifting peach.

Intensity level | 4

Ice Cool *NEW*

Light, fresh and crisp. A delicate balance, and mix of musk & floral. With notes of mandarin, papaya, bergamot and citrus, balanced with nutmeg, violet, rose, lily-of-the-valley, jasmine & green tea.

Intensity level | 3

Lavender & Geranium

Revitalize and refresh the senses and watch the calming & vibrant nature of lavender and geranium form a tranquil setting.

Intensity level | 3

Linen Breeze

The freshness of this lively linen, breezes into your surroundings to produce a hit of clean linen, creating a relaxing and uplifting atmosphere.

Intensity level | 4

Ocean Spray

Opening with a mixture of clove, jasmine and lemon peel, this floral blend blossoms into a wave of soapy, cool marine musk.

Intensity level | 4

Sea Salt & Bamboo

Escape the everyday along the windswept shore with the aroma of sea salt filling the air around you, the freshness of crunchy sea salt is wrapped in oceanic and marine notes to transport you to the seashore.

Intensity level | 4

Sweet Pea & Wisteria

This sweet fragrance of delicate blooms accented with hints of peony, rose & jasmine is brought to life by the bright and energetic notes of wisteria.

A sweet & delicate fragrance.

Intensity level | 3

Zero with Airadicate[®]

Fragrance free. Contains Airadicate[®] - a malodor counteractant & odor neutralizer to help stop bad odors.

Intensity level | 5

Vectair V-Air® SOLID Plus Large Space Air Freshener

Vectair V-Air® SOLID Plus provides continuous odor control to enhance large space interior environments utilizing our multi-phasing, patented fragrance technology. This unique technology provides total user control of output and intensity.

- Quick and easily replaceable, safe to handle solid, multi-phasing refill cartridges.
- Choice of low | medium | high output options, hours of operation, days of operation and start time. Can be wall mounted or placed on a variety of surfaces, such as tables, as a portable system. Lockable dispenser for added security.
- Contains no propellants and refills are VOC exempt.
- Cartridge life of up to four weeks (30 days) - dependent on location conditions, with fragrance coverage of up to 17,600ft³. Vectair V-Air® SOLID Plus refills contain Airadicate® - a malodor counteractant & odor neutralizer to help stop bad odors.

Vectair Airsan™ Odor Neutralizer & Ozone Generator

Vectair Airsan™ is an automatic ozone generator designed to clean and rejuvenate the air that we breathe. Refreshing the atmosphere and bringing the outdoor freshness, indoors.

- Incorporates ceramic chip corona discharge technology to uniquely produce ozone from oxygen.
- Destroys harmful micro-organisms and neutralizes bad odors and smells.
- Contains no VOCs and there are no consumable disposal issues.
- It is suitable for either portable or fixed locations. Quick and easy to clean with a simple and speedy installation too.

Dispenser	Part #
Vectair Airsan™ Non-Programmable	PROZ-AIRSAN WNP
Vectair Airsan™ Plate	ASAN-1P
Vectair Airsan™ Fan	PROZFANA MK3

*The original ASAN-1FAN will only work with the original ASAN-WNP Dispenser.

Ozone can help to neutralize coronavirus - 2020 Study

A study by Japanese researchers at Fujita Health University (Reuters, 2020), has found low levels of ozone to be effective in neutralizing coronavirus (study at 0.05 - 0.1ppm - parts per million) - the potency of the virus declined by 90%+ when exposed to low level ozone for a specific period.

See the findings of the study, here: <https://uk.reuters.com/article/us-health-coronavirus-ozone/japan-researchers-say-ozone-effective-in-neutralising-coronavirus-idUKKBN25M0SO>

THE PROFESSIONAL PASSIVE PROGRAM™

A HARMONY OF FRAGRANCE.

Toilet Bowl Clip. 30 Day Urinal Screen. Passive Air Freshener. 60 Day Triple Action Urinal Screen. Universal Air Freshener. Multi-Phasing Fragrance Technology.

VECTAIR P-SCREEN® 60 DAY TRIPLE ACTION URINAL SCREEN - WINNER OF AN ISSA INNOVATION HONOREE AWARD. ALSO WINNER OF A SANITARY MAINTENANCE DISTRIBUTORS CHOICE AWARD.

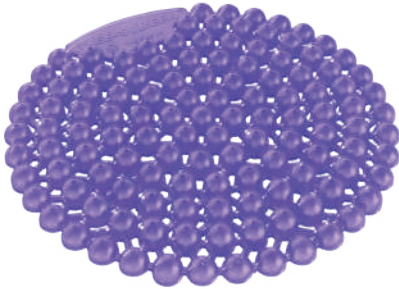

Airloop® Toilet Bowl Clip Air Freshener

The Airloop® toilet bowl clip air freshener is an effective fragrance solution for most toilet bowl shapes and sizes for up to 30 days.

- Flexible EVA material. Helps to fit various size & shaped outer toilet rims.
- Clip and go, clip and throw™. Using our revolutionary Clip and go, clip and throw™ technology, Airloop® clips to the toilet bowl tightly yet is easy to replace in one simple action.
- VOC exempt and recyclable. No aerosols, batteries or propellants.
- Part of the 'Professional Passive Program™'. Harmonized scents across various passive aircare products, removing the fragrance clash with seven fresh fragrances.

Case size: x 10 per case
Weight (Approx.): 1.5 oz.

Case size: x 10 per case
Weight (Approx.): 2.2 oz.

Vectair Wee-Screen® 30 Day Urinal Screens

Vectair Wee-Screen® is an effective solution that helps to reduce bad smells for up to 30 days with a deep bubble design that also prevents splash back and drain blockages.

- **Clever design features.** Its flexible core is built using interlacing strips of EVA material to form a strong lattice, making it less rigid than other screens, giving it the ability to fit almost any urinal.
- **Easy servicing.** A large, slightly raised grip pad for ease of servicing.
- **VOC exempt and recyclable.** No aerosols, batteries or propellants.
- **Part of the 'Professional Passive Program™'.** Harmonized scents across various passive aircare products, removing the fragrance clash with seven fresh fragrances.

Vectair P-Screen® 60 Day Triple Action Urinal Screens

Vectair P-Screen® is an effective solution that helps to reduce bad smells for up to 60 days with a deep bubble & bristle design that prevents splash back and drain blockages.

- **Triple action screen.** A World's first, offering both dual fragrance and enzyme protection. The active central core in the urinal screen is not only designed to reduce bacteria, but also provides a secondary fragrance. VOC exempt.
- **Clever design features.** Made of flexible EVA, the deep bubbles in the design help to reduce the risk of splash back, while the bristles help to absorb the liquid for optimum hygiene.
- **Active central core.** An active central core within the screen, contains naturally-occurring bacteria which produce enzymes to degrade organic matter, eliminating bad smells. This also helps to reduce organic scale build-up by ensuring that uric acid is made more soluble, broken down and therefore made easier to flush away.
- **Part of the 'Professional Passive Program™'.** Harmonized scents across various passive aircare products, removing the fragrance clash with seven fresh fragrances.

Case size: x 6 per case
Weight (Approx.): 7.4 oz.

VAZE® 30 Day Passive Air Freshener

VAZE® is a universal passive fragrance solution which is powered only by air. Made of EVA material for optimum fragrance performance, the refill fits a variety of passive air freshener dispensers.

- **Clever design features.** The special slatted design of the cartridge allows for superior movement of air around the material. The design also means it is lighter to transport.
- **Economic design.** The VAZE® cartridge refill is cost effective, to suit smaller budgets & fits a variety of passive dispensers.
- **VOC exempt.** Recyclable & VOC exempt. No aerosols, batteries, fans or propellants.
- **Part of the 'Professional Passive Program™'.** Harmonized scents across various passive air care products, removing the fragrance clash with four fresh fragrances.

Eco Shell® Universal Non-Aerosol Air Freshener

Using our revolutionary Clip and go, clip and throw™ design, the Eco Shell® air freshener is strong on fragrance impact and can be easily replaced using just one fitting. The 'shell' shaped design also provides a high quality appearance for a variety of locations and uses.

- **Science made simple.** Can be fitted easily and quickly to almost any surface using one of two fixings - a clip & sticky pad (both fixings provided for user preference) with no difficult programmable settings.
- **Clip and go, clip and throw™.** The revolutionary design allows the user to use the same fitting for every dispenser used. To replace Eco Shell®, the user simply replaces the dispenser with a brand new version using the same fixing.
- **VOC exempt.** Recyclable & VOC exempt. No aerosols, batteries, fans or propellants.
- **Variety is the spice of life.** Eco Shell® can be used in a variety of different applications, such as hotel bedrooms, air conditioning vents, homes, offices, etc. and enhances the surrounding environment.

Zero	AIROMA-ZERO	—	—

Even the 'standard' aerosol refill can be innovative.

The new look Vectair Airoma® and Vectair Micro Airoma® refills now feature a new line of scents, reflecting a smart take on the metered air freshener. As well as fabulous fragrances, they also contain our Airadicate® malodor counteractant & odor neutralizer to help stop bad odors.

Vectair Quadrasan®

Vectair Quadrasan® Automatic Hygiene Maintenance Dispenser (Cleaning & Dosing System)

Vectair Quadrasan® provides a dose of fragranced or unfragranced, cleaning chemical at programmable intervals throughout the day to ensure urinals and toilets stay fresh, sanitized and smell great.

- Fully programmable dispensers allowing you a choice of a number of refills per year; 6, 8, or 12 hour operation; choice of start and end times; days off selection feature; choice of days of operation (5, 6, or 7). Weekend On/Off option is also available.
- Provides a patented "I.P.E.™" facility enabling users to program a period per day of enhanced fragrance delivery and a patented automatic reset button is available when a dosing refill is replaced.
- Countdown clock - confirms operation of unit and provides health and safety warning.

Continuous maintenance.
For clean, fresh smelling restroom areas.

Safe & responsible.

Discreet sanitary waste disposal.

Vectair Femcare™ MVP Sanitary Waste Disposal Unit

The Vectair Femcare™ MVP sanitary waste disposal units means that feminine hygiene waste is disposed of safely and responsibly. Each unit is stylish and highly functional, with a resistance to the build-up of dirt therefore being easy to clean.

- Manual (foot pedal) available for user convenience.
- Innovative revolving modesty flap ensuring waste is completely hidden.
- Removable chute (black) and quick removal lid for easy cleaning.
- An EPA registered Invizi-Touch® antimicrobial additive is incorporated into the rotating carousel and the removable tray for added safety in use.

Vectair Femcare™ Antimicrobial & Scented Liners

Vectair Femcare™ scented liners with antimicrobial protection technology are also available to use in conjunction with the Vectair Femcare™ MVP disposal system & other similar units. It remains the first feminine hygiene waste liner to incorporate antimicrobial protection and odor eliminating technology

- Cost effective - removes requirement to buy a plastic liner and separate secondary product.
- Odor eliminating technology inside the liner ensures bad smells are eradicated while also providing a pleasant fragrance.
- Labor and time saving - eliminates on site labor cost and valuable time to manually add an odor reducing technology.
- Heavy duty liner, made from strong LDPE - reduces risk of splits or breakages.

An industry first.

A scented & treated sanitary waste liner.

iINVIZI-TOUCH® Antimicrobial Protection Technology

How does Invizi-Touch® work?

Invizi-Touch® works using antimicrobial technology, which is specifically created to reduce microbes. Microbes can include mold, bacteria, fungi, and viruses, such as Influenza and MRSA.

There are several ways that bacteria can contaminate surfaces.

The job of Invizi-Touch® is to break down this bacteria, by either damaging proteins, damaging cell membranes, compromising internal systems (by creating increased reactive oxygen) or by blocking their DNA production.

Invizi-Touch® Total Antimicrobial Protection

Invizi-Touch®, by Vectair Systems, is an antimicrobial additive that reduces microbes by up to 99.99% for ultimate hygiene protection.

Antimicrobial treated surfaces can suppress the growth of microorganisms, and prevent germs and bacteria from spreading to individuals or other surfaces.

Vectair Systems are a leading technological innovator, manufacturer and supplier of aircare and hygiene products in a number of sectors across the World.

Our brands that incorporate Invizi-Touch® include our Vectair Femcare™ MVP sanitary waste disposal unit.

Invizible protection.

Invizi-Touch® is molded into each Vectair Femcare™ MVP sanitary waste unit, providing durable lifelong protection against harmful bacteria build-up on the product surface & ensuring maximum hygiene for both users & servicing staff.
