

Freezer Cleaner FP

heavy duty freezer cleaner

Freezer Cleaner FP is a heavy duty formula designed to clean floors, walls and equipment in sub-freezing cold storage and freezer areas without the need for defrosting. A unique solvent-detergent blend, Freezer Cleaner FP, contains solvents to depress the freezing point and cut grease as well as detergents to emulsify and penetrate surface soils. The result is quick removal of soils without the need for defrosting. Use in conjunction with auto scrubbers, rotary floor machines, or manual cleaning (spray, mop, or sponge). Does not harm most metals or concrete. Leaves no slippery residue.

PRODUCT FEATURES

WHAT MAKES IT WORK?

A unique solvent-detergent blend, Freezer Cleaner FP, contains solvents to depress the freezing point and cut grease, as well as detergents to emulsify and penetrate surface soils. The result is quick removal of soils without the need for defrosting. Formulated to clean soiled floors in challenging freezer conditions. Unique solvent-detergent blend.

CONVENIENT

Ready to use. No need to mix. Eliminates employee confusion. Helps reduce liability claims. Product can be inventoried in the freezer if properly stored and labeled.

ECONOMICAL

Freezer Cleaner FP may be diluted up to 1:1–1:5 for use at temperatures above -6.7°C / 20°F for greatest economy.

VERSATILE

Use in conjunction with auto scrubbers, rider scrubbers (for optimum results), and manual cleaning (mop bucket, etc). Ability to address soiled floors in the freezer without defrosting.

NO OFFENSIVE ODOR, SURFACE SAFE

Does not harm most metals or concrete. Dries quickly—no slippery floors.

ENVIRONMENTALLY RESPONSIBLE

Formulated with concern for the environment, Freezer Cleaner FP is biodegradable. No perfume. No dyes. VOC acceptable in all 50 states.

DIRECTIONS FOR USE:

Some individuals may be sensitive to ingredients in this product. Before use, read product label and Safety Data Sheet. If questions remain, consult your employer or a physician.

Do not mix with chemicals not specified on the product label.

Suggested starting point dilutions for freezer cleaning applications:

-10° to -20°F 3:1
(3 parts Freezer Cleaner to 1 part water)

0° to -10°F 2:1
(2 parts Freezer Cleaner to 1 part water)

10° to 0°F 1:1
(1 part Freezer Cleaner to 1 part water)

Actual dilutions can vary due to soil load, substrate and mode of application.

DO NOT RINSE. Remove soiled solution with wet vac, squeegee or dry cloth. Do not use on food contact surfaces.

SPECIFICATION DATA:

Form: Liquid

Color: Clear

Specific Gravity: 1.00 @ 24°C / 75°F

pH: 9.5–10.5

Stability:

- Shelf @ 24°C / 75°F—1 year minimum
- Accelerated @ 49°C / 120°F—60 days minimum

Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. If questions remain, consult your employer or a physician. Material Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or by visiting www.spartanchemical.com.
