Anti-Chlor

Clothesline Fresh Anti-Chlor is an additive for eliminating chlorine carry-over in commercial laundry applications. Clothesline Fresh Anti-Chlor reduces fabric damage by chemically neutralizing the residual chlorine bleach in the washing process. Clothesline Fresh Anti-Chlor is also a reducing bleach. Certain types of stains, especially medicinal stains (i.e. iodine, betadine) can only be removed with a reducing bleach. These types of stains are unaffected by chlorine bleach.

Providing Quality Maintenance and Chemical Specialty Solutions with Unparalleled Customer Service

COLOR AND NUMBER SYSTEM:

Each Clothesline Fresh Laundry product has been color coded and number coded for easy product identification. All product information and literature, plus, each product label, carton and secondary label reflects this color and number, making training easier and faster.

DIRECTIONS FOR USE:

DO NOT MIX WITH OTHER CHEMICALS.

Some individuals may be sensitive to ingredients in this product. Before use, read product label and MSD sheet.

1. Sort laundry by color and fabric type.
2. Always read and follow care directions.
3. From care directions, choose proper wash cycle and water temperature.
4. Do not overload washer with soiled laundry.
5. Add Clothesline Fresh Anti-Chlor:
 - Add 1-2 oz. per 50 lb. load to a post bleach rinse to neutralize residual chlorine levels. Higher levels of chlorine may warrant increased use of Anti-Chlor.
 - Add 2-3 oz. per 50 lb. load to the initial flush to remove Iodine and Betadine stains. Dilute 1:10 to use as a Betadine Spotter.

NOTE: Clothesline Fresh Anti-Chlor should not be allowed to dry on fabric. This may lead to fiber damage of the garment. If Clothesline Fresh Anti-Chlor freezes, allow to thaw. Shake before use.

Be sure to read all Directions, Precautionary and First Aid Statements on product labels before use of this or any Spartan product. If questions remain, consult your employer or a physician. Material Safety Data Sheets for all Spartan products are available from your authorized Spartan distributor or by visiting www.spartanchemical.com.

SPECIFICATIONS:

- Specific Gravity – 1.126
- Density – 9.371
- Viscosity – water thin
- pH – 9.0-9.5
- Color – clear
- Stability -
 - a. Shelf – One year minimum @ 24°C/75°F
 - b. Accelerated – 30 days minimum @ 49°C/120°F
 - c. Freeze/Thaw – Can withstand three freeze/thaw cycles. If frozen, shake before use.
- Phosphate free
- Nonylphenol ethoxylate free
- Solvent free
- Silicate free
