- Low In-Use Cost

Providing Quality Maintenance and Chemical Specialty Solutions with Unparalleled Customer Service

Why Choose Clean on the Go®?

Affordable Dispensers and Low In-Cost Products

Create instant bottom line savings in actual dollars, time and labor.

One Dispenser Does the Work of Many

Simply remove one product and insert a different product as required.

Environmentally Preferred

Reduced handling, less storage space and less solid waste disposal, environmentally preferred product alternatives.

Versatile Dispensing

Low flow dispenser for filling trigger spray bottles. High flow with locking button for filling mop buckets and auto scrubbers.

Convenient and Mobile

Products can be used with wall-mounted dispenser or PDS® Portable Dispensing System.

Easy to Train Staff

Product color, container labeling and trigger spray bottles are numbered and color matched. Trilingual labels and icons for those who do not read or speak English.

Accurate Dispensing

Ensures accurately measured, fresh product with the press of a button. No guesswork. No employee confusion. No waste.

Employee Safety

Custom fit mating cap and cartridge insert help prevent spills and minimize possibility of contact with chemicals.

Simplifies Plumbing Regulations

- E-Gap eductor is widely recognized as a reliable means for preventing back flow contamination, per ASSE 1055B
- Air gap eductor complies with American National Standards Institute ANSI A 112.1.2 and ASSE 1055B.

KEY	
	Product available worldwide.
	This product is Green Seal™ Certified.
	Formulated in partnership with the Environmental Protection Agency's Design for the Environment program.
	WOOLSAFE approved maintenance product for wool and wool-rich carpets.
	Kosher Certified

2-Liter Concentrates

1

NABC® Concentrate

A broad range germicidal cleaner-disinfectant-deodorizer concentrate specifically designed to clean, deodorize and disinfect toilet bowls, urinals and other hard, non-porous restroom surfaces. **EPA Reg. No. 5741-20**

pH 5.0–6.0 | 2 oz./gal.

471602

2 ltr x 4

2

hdq C® 2

A neutral pH, quaternary disinfectant cleaner formulated to kill a broad spectrum of microorganisms on high gloss floors, walls and other hard, non-porous surfaces. **EPA Reg. No. 1839-169-5741**

pH 6.0–7.0 | 2 oz./gal.

470202

2 ltr x 4

3

Super Concentrated Glass & Hard Surface Cleaner

A highly dilutable formula designed to clean glass and other hard surfaces quickly and with minimal effort.

pH 9.5–10.5 | 2 oz./gal.

473002

2 ltr x 4

4

Multi Surface Cleaner

A synthetic detergent concentrate with aggressive cleaning power formulated for use on a variety of surfaces not harmed by water.

pH 10.8–11.2 | 2 oz./gal.

474002

2 ltr x 4

5

Smoke & Odor Eliminator

A combination of surfactants, solvent and carefully chosen odor-eliminating ingredients blended to provide fast, efficient elimination of problem odors.

pH 6.0–7.0 | 2 oz./gal.

478602

2 ltr x 4

6

THE Degreaser

An ecologically sound, environmentally conscious, heavy-duty, all-purpose industrial cleaner formulated to remove grease, oil and other tough soils without upsetting the ecosystem of water and waste treatment facilities.

pH 11.7–12.3 | 2 oz./gal.

473402

2 ltr x 4

7

Acid Bathroom & Shower Cleaner

Revolutionary new acid technology! A light to medium-duty cleaner/maintainer formulated for use on restroom and shower room surfaces, toilet bowls and urinals.

pH <1 | 2 oz./gal.

472402

2 ltr x 4

2-Liter Concentrates

8

Damp Mop

For the professional who appreciates ease of maintenance and ultimate floor appearance! A floor cleaner specifically formulated for maintaining high gloss floor finishes. Also an excellent light-duty, all-purpose cleaner.

pH 7.0–8.0 | 2 oz./gal.

473602

2 ltr x 4

9

Xtraction II®

Xtraction II features a power-boosting dual surfactant system for fast, effective extraction cleaning. Low foaming with a unique wetting agent combination that leaves no residue to contribute to re-soiling. Xtraction II has an average in-use pH of 10.5 and a springtime fresh fragrance that leaves carpet smelling fresh and clean!

pH 11.3–11.8 | 2 oz./gal.

473802

2 ltr x 4

10

Super HDQ® L 10

No-rinse disinfectant detergent. Effective against HBV and HCV viruses. Use only with Lean Clean on the Go Dispenser. **EPA Reg. No. 1839-167-5741**

pH 6.5–7.5 | ½ oz./gal.

470402

2 ltr x 4

Sani-T-10®

No-rinse sanitizer for use with Clean on the Go chemical management systems, including the 3-Sink System. **EPA Reg. No. 5741-13**

pH 7.0–8.0 | ¼ oz./gal.

480002

2 ltr x 4

13

Airlift® Tropical

Formulated to bring tropical outdoor freshness indoors. Airlift Tropical is coral pink in color and has a full floral fragrance. The water-soluble deodorant is formulated to control unpleasant odors whenever and wherever they occur.

pH 6.0–7.0 | 2 oz./gal.

471002

2 ltr x 4

14

Foamy Bath & Restroom Cleaner

High foaming, medium to heavy-duty cleaner/degreaser for baths, restrooms, shower rooms, toilet bowls and urinals.

pH 12.5 | 2 oz./gal.

481502

2 ltr x 4

15

Clean by Peroxy®

Modern day surfactants and hydrogen peroxide blended to form an environmentally preferable all-purpose cleaner. Quickly removes everyday soils and greasy residues.

pH 2.0–3.0 | 2 oz./gal.

482002

2 ltr x 4

2-Liter Concentrates

16

Peroxy Protein Remover, Cleaner & Whitener

A hydrogen peroxide based, perfume free, protein remover, cleaner and whitener, specially formulated for food preparation, food service, and specialty food cleaning applications.

pH 2.0–3.0 | 2 oz. – 6 oz./gal.

482202

2 ltr x 4

17

TriBase® Multi Purpose Cleaner

A 72% biobased product formulated to clean a multitude of soils on a variety of surfaces. With three main biobased materials, TriBase Multi Purpose Cleaner is a non-VOC, less toxic, biodegradable product. This Multi Purpose Cleaner is golden yellow in color and has a natural citrus fragrance.

pH 8.0–9.0 | 2 oz./gal.

483002

2 ltr x 4

18

BioRenewables® Glass Cleaner

An 84% biobased product designed to clean mirrors, glass, and Plexiglas® surfaces with a state-of-the-art surfactant system offering excellent surfactant/wetting agents with emulsification abilities through the use of more readily biodegradable alternative surfactant chemistries.

pH 8.0–9.0 | 2 oz./gal.

483502

2 ltr x 4

metaquat®

A detergent designed for aggressive cleaning, disinfection and deodorization of walls, floors and other hard, non-porous environmental surfaces. **EPA Reg. No. 5741-12**

pH 12.8–13.1 | 2 oz./gal.

484002

2 ltr x 4

20

SparClean® Pot and Pan Detergent

Designed to be used for manual washing of excessively soiled kitchen items.

pH 7.5–8.0 | ¼ – 2 oz./gal.

484502

2 ltr x 4

21

SparClean® Silverware Pre-soak

A triple-action enzymatic silverware and utensil pre-soak designed to break down stubborn food residues.

pH 7.5–8.0 | 2 – 3 oz./gal.

485002

2 ltr x 4

Sani-T-10® Plus

Quat-based sanitizer specifically formulated for food processing applications.

EPA Reg. #10324-117-5741

pH 7.5 | ¼–1 oz./4 gal.

480102

2 ltr x 4

2-Liter Concentrates

23

SparClean® Sure Step

No rinse, enzyme floor cleaner. Breaks down built-up grease leaving floors less slippery.
pH 7.0–8.0 | 2 oz./gal.

480202

2 ltr x 4

24

Xcelenté™

Multi-purpose hard surface cleaner featuring a fresh, long-lasting lavender fragrance.
pH 7.0–8.0 | ½ – 3 oz./gal.

480302

2 ltr x 4

25

SparClean® Super Suds

Liquid manual dish detergent with long-lasting, thick suds. Fortified with aloe to leave hands soft.
pH 6.5–7.5 | ¼ oz./gal.

480402

2 ltr x 4

Peroxy 4D™

Hospital grade disinfectant. Delivers fast, effective cleaning performance with the power of peroxide.

pH 2.0–3.0 | 2 oz./gal.

480502

2 ltr x 4

27

Airlift® Clear Air Odor Eliminator

Odor encapsulating technology eliminates, traps, and removes even the strongest odors.

pH 6.0–8.5 | 2 oz./gal.

480702

2 ltr x 4

Halt™

Hospital grade, cleaner disinfectant proven effective against norovirus, canine parvovirus and blood borne pathogens. **EPA Reg. No. 10324-93-5741**

pH 11.0–12.0 | 2 oz./gal.

480602

2 ltr x 4

2-Liter Concentrates

GS Neutral Disinfectant Cleaner 103

A neutral pH, quaternary disinfectant cleaner formulated to kill a broad spectrum of microorganisms. Effective against HIV-1 Virus, HIV-2 Virus, Hepatitis B Virus (HBV), and Hepatitis C Virus (HCV). **EPA Reg. No. 1839-169-5741**

pH 6.0–7.0 | 2 oz./gal.

351302
2 ltr x 4

GS High Dilution Disinfectant 256 106

Just a half-ounce of concentrate per gallon of water provides total cleaning, disinfection, and deodorization in one labor-saving, cost-effective step. Effective against HIV-1, HIV-2, HBV and HCV viruses. **EPA Reg. No. 1839-167-5741**

pH 6.5–7.5 | ½ oz./gal.

351602
2 ltr x 4

Green Solutions® 2-Liter Concentrates

Green Solutions® All Purpose Cleaner 101

An environmentally preferable, all-purpose cleaner, formulated to quickly penetrate, emulsify and remove light to medium soils.

pH 7.0–8.0 | 2 oz./gal.

351102
2 ltr x 4

Green Solutions® Glass Cleaner 102

A glass cleaner that has a state-of-the-art surfactant system offering excellent surfactant/wetting agents with emulsification abilities. Quickly penetrates, emulsifies and removes dirt with minimal effort. Dries fast without streaking and requires no rinsing.

pH 7.5–8.5 | 2 oz./gal.

351202
2 ltr x 4

Green Solutions® Carpet Cleaner 104

A carpet extraction cleaner that features a powerful, low-foaming surfactant system for fast, effective extraction cleaning. Use in all types of extraction equipment and may be used for bonnet cleaning. Dries to a crystal. Dye and fragrance free. Phosphate free. Biodegradable.

pH 8.0–9.0 | 2 oz./gal.

351402
2 ltr x 4

Green Solutions® Industrial Cleaner 105

A non-toxic, heavy-duty liquid cleaner. Formulated with a super surfactant cleaning system, the concentrate is engineered to quickly remove petroleum-based soils with efficiency.

pH 9.0–10.0 | 2 oz./gal.

351502
2 ltr x 4

Dispensers

Clean on the Go® Stainless Steel Lock & Dial

Stainless Steel for maximum strength and durability. Fills up to three different high flow products and a clear rinse; plus, dispenses up to four low flow products.

#905500

Green Solutions® Stainless Steel Lock & Dial

Easy to use and install, the dispenser mounts with just 2 screws and weighs only 9½ pounds. Dial and select the product of choice or the rinse application. Press the button to fill a trigger spray bottle, fill a bucket or auto-scrubber. The locking cabinet stores up to four 2-liter product cartridges inside the unit, providing security and worker safety.

#945600

Clean on the Go® VersaFill II

Same as the classic VersaFill dispenser but dispenses four products at 1 gpm and the same four product at 3.5 gpm.

#906600 (e-gap)

#906700 (air gap)

Clean on the Go® PDS®, Portable Dispensing System

The Clean on the Go PDS, Portable Dispensing System is the latest dispensing technology! It quickly fills bottles and buckets at 2 gallons per minute, and works with all of Spartan's 2-liter concentrates.

#925800

Dispensers

Push 3-Sink Dispenser

Wall-mounted, manual-activation dispenser for one product.
Dispenses 1 oz. per push.

#905900

Clean on the Go® 3-Sink System

Spartan Clean on the Go 3-Sink System is chemical management that provides low cost, consistent dilutions and outstanding performance; plus it is easy to use. Made of durable material and incorporating state-of-the-art water valve technology, Spartan's Clean on the Go 3-Sink System is an economical investment.

#905600

1 GPM Low Flow

Dispenser includes racking system, installation instructions and mounting screws.
Dispenses product at 2 oz. per gal. of water.

#915800

3.5 GPM High Flow

Dispenser includes racking system, installation instructions and mounting screws.
Dispenses product at 2 oz. per gal. of water.

#915900

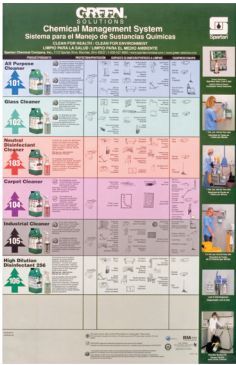

Lean Clean on the Go 3.5 GPM

High Flow Dispenser includes racking system, installation instructions and mounting screws. Dispenses product at 1/2 oz. per gal. of water.

#915200

Accessories

Green Solutions® Wall Chart

Laminated, color-coded chart provides visual references of what product cleans which surface and what equipment to use. English/Spanish/French.

#907100

Green Solutions® Collection Cards

Portable version of the Green Solutions wall chart. One card per product on a metal ring with write-on, wipe-off pen. English/Spanish/French.

#936800

Clean on the Go® 3-Sink System Sanitation Schedules

Frequency-of-cleaning sanitation schedules (charts) for the grocery industry.

Set of four #925305

Deli/Bakery #925301

Produce #925302

Seafood #925303

Meat #925304

Clean on the Go® Product Sticker Sheet

Two each of Clean on the Go® and Green Solutions® products.

#925900

Accessories

Clean on the Go® Foam Gun

Easy to use, portable foam gun with a “Fresh Rinse” feature for use with the Clean on the Go chemical management system. Automatically dilutes at 2 oz. per gallon due to the pre-installed metering tip.

#988100

Clean on the Go® Storage Rack with Locking Bar

Holds six 2-liter containers & trigger spray bottles.

#915500

12 Translucent 32 oz. Spray Bottles

GENERAL PURPOSE AIR FRESHENERS AND SMOKE & ODOR ELIMINATOR

PRODUCT DESCRIPTION:

Airlift is a water-soluble air freshener formulated to control and eliminate unpleasant odors whenever and wherever they occur. While regularly scheduled cleaning and disinfecting procedures eliminate the soils and bacteria which cause most odors, people, pets, food, and accidents often cause malodors which become airborne and stagnate or permeate environmental surfaces, making the air unpleasant. Airlift is Spartan's solution to a broad range of commonly encountered offensive odors requiring odor control.

Formulated to bring outdoor freshness indoors, Airlift is available in six fragrances, plus Smoke & Odor Eliminator.

- Citrus
- Cranberry Ice
- Fresh Scent
- Lemon
- PearLux®
- Tropical

SMOKE & ODOR ELIMINATOR:

Unique, Airlift Smoke & Odor Eliminator is a combination of surfactants, solvent and carefully chosen odor eliminating ingredients blended to provide fast, efficient elimination of problem odors. Airlift Smoke & Odor Eliminator chemically alters, neutralizes and destroys offensive smells. Airlift Smoke & Odor Eliminator's active odor neutralizing ingredient permanently binds up many types of offensive airborne molecules (osmophores). If the odor generating material is not reintroduced into the room, the room will remain deodorized.

FAST AND EFFECTIVE:

Airlift's formulations incorporate raw material ingredients whose primary function is elimination of odors. CWQ, a special quaternary, assists the initial control of offensive odors caused by stale air, mildew, urine, vomit, etc. CWQ enhances the effectiveness of other deodorizing ingredients in Airlift; so, treated areas remain fresh for extended periods of time. Spray a light mist on drapes, carpet, fabrics and upholstered furniture to eliminate odors and refreshen fabrics. Always test in an inconspicuous area for colorfastness.

VERSATILE:

Airlift concentrates mix well with hot or cold water permitting a wide variety of deodorizing applications. Airlift may be used on or around most surfaces not harmed by water. Air freshening may be accomplished by simply diluting Airlift concentrates with water in a quart bottle and spraying into the air. Also, Airlift can be added to clean rinse water during a rinsing application. Airlift is also available in RTU Handi Spray® quarts and aerosol cans for added convenience.

SUPER ECONOMICAL AIRLIFT CONCENTRATES:

The unique interaction of Airlift's high quality ingredients permit high dilutions, for example:

- Use just 2 ounces of Airlift per gallon of rinse water.
- Use just 2 ounces of Airlift per gallon of water used in an extractor for rinsing purposes.
- Use just 1 ounce of Airlift added to your bucket when damp mopping floors.

HANDLING AND STORAGE:

Non-flammable. Airlift does not require special handling or storage. The diluted product will not irritate skin or nasal passages. Formulated with environmental needs in mind, Airlift products are biodegradable and phosphate free.

DIRECTIONS FOR USE:

Some individuals may be sensitive to ingredients in this product. Before use, read product label and MSD sheet.

Airlift Concentrates:

1. Routine Deodorization/Light Cleaning/Damp Mopping
 - a. Add 2 oz. of Airlift to each gallon of water in the bucket (1:64).
2. Carpeting
 - a. Add 1/2 oz. Airlift to each gallon of diluted shampoo or extraction solution (1:256).
3. Hand Spraying/Misting
 - a. Add 4 oz. of Airlift per gallon of water (1:32).
4. Fogging
 - a. Use equal parts of Airlift and water (1:1).
5. Rinse water
 - a. Add 1 oz. of Airlift for every gallon of water (1:128).

NOTE: Effective deodorization is largely dependent upon the nature and type of malodor, method of application, etc. Therefore, experimentation with dilution ratios from 1:256 to 1:1 is recommended for optimum economy and performance.

Airlift RTU Handi Sprays:

1. Stand in center of room.
2. Point spray nozzle up toward ceiling corner.
3. Turn and spray in all directions.

Airlift Aerosols:

1. Shake can well before using.
2. Point can up towards center of room.
3. Press button and spray.

Airlift Smoke & Odor Eliminator:

For Normal Odor and Smoke Neutralization:

1. Remove gross source of malodors such as used ashtrays.
2. Apply with sprayer or fogger. Use finest mist.
3. Lightly mist upper portions of room near ceiling.

NOTE: For heavy build up of odors, such as smoker's rooms in hotels, daily use will help to neutralize malodors and freshen draperies, bedspreads and carpets.

For Fire-Damaged Areas/Odor Elimination:

Apply with sprayer or fogger. Use finest mist. Apply directly to damaged or burnt surfaces whenever possible. Lightly mist upper portions of room near ceiling.

For Fire-Damage Clean Up of Hard Surfaces:

Spartan Airlift Smoke & Odor Eliminator mixed with diluted BH-38 Degreaser cleans and deodorizes hard surfaces damaged by fire. Follow label instructions for BH-38. Add 2 oz. or more of Airlift Smoke & Odor Eliminator to each gallon of diluted BH-38.

For Fabrics:

Spray a light mist on drapes, carpet, fabrics and upholstered furniture to eliminate odors and refreshen fabrics. Always test in an inconspicuous area for colorfastness.

PACKAGING:

Airlift Citrus, Cranberry Ice and PearLux are packaged RTU Handi Spray® quarts, 12 per case. Label copy is available in English, Spanish, and French. Secondary labels are also available.

Airlift Fresh Scent and Lemon are packaged in 330-gallon totes; 55-gallon drums; 5-gallon pails; gallons, four per case; RTU Handi Spray® quarts, 12 per case; and 20 oz. aerosol cans, 12 per case. Label copy is available in English, Spanish, and French. Secondary labels are also available.

Airlift Tropical is packaged in 330 and 275-gallon totes; 55, 30, and 15-gallon drums; 5-gallon pails; gallons, four per case; RTU Handi Spray® quarts, 12 per case; 20 oz. aerosol cans, 12 per case; and Clean on the Go® 2-liter concentrates, 4-per case. Label copy is available in English, Spanish, and French. Secondary labels are also available.
